1.PROBLEM STATEMENT

▶ The key challenge is to design a well-structured and professional portfolio.

▶ It should effectively highlight skills, academic achievements, and project work in a digital format.

▶ The portfolio must be engaging, user-friendly, and easy to navigate while maintaining a modern and attractive design.

2.PROJECT OVERVIEW

▶ A digital portfolio showcasing academic and personal achievements Includes project details, screenshots, and GitHub links Acts as a bridge between academic work and professional opportunities.

▶ This is a personal portfolio website that highlights technical skills, education, projects, and contact details in a user-friendly design.

3.END USERS

- Students (academic projects, resumes).
- Job seekers (to share with recruiters).
- Freelancers (to show clients).
- Professionals (to highlight experience and achievement).

4. TOOLS AND TECHNOLOGIES

1. Frontend: HTML, CSS, JavaScript
2. Backend (Optional): Node.js, Python
3. Database: MySQL, MongoDB
4. Design Tools: Canva, Figma, PowerPoint

5.PORTFOLIO DESIGN AND LAYOUT

▶ A portfolio is a structured way to showcase your skills, projects, achievements, and personality. The design is how it looks (colors, fonts, visuals), while the layout is how content is arranged (sections, navigation, flow).

▶ Simple, clean, and professional design.Sections like Home, Education, skills, projects, and Contact arranged horizontally.

6.FEATURES AND FUNCTIONALITY

- Personal Information & Profile Picture.
